

Protect yourself EVEN MORE through Credit Plus' Reps & Warranties coverage

At Credit Plus, we recognize the additional responsibility you assume by outsourcing your verifications. The Consumer Financial Protection Bureau (CFPB) expects you to be responsible for developing an effective process for managing the risks of your third party relationships. Likewise, the Office of the Comptroller of the Currency (OCC) also expects you to practice effective third party risk management. While we're confident in the quality of our verification services, we are also a strong proponent of best practices. To that end, we want to help you better meet CFPB and OCC expectations.

EXTENDING THE BENEFITS

of our coverage to you

Credit Plus' Reps and Warranties coverage protects all of our verification services — so the more insured Credit Plus products you buy, the safer you are. This exclusive coverage can help defend your company against the negative financial consequences of a possible loan default and the resulting repurchase requests, giving you even more assurance and peace of mind. At the same time, this coverage tangibly demonstrates the rigor with which you manage third-party risk.

Exclusive coverage

After undergoing a stringent review, Credit Plus has obtained certification of its processes and as a result, our customers are now able to obtain insured products. The insurance is underwritten by an insurer rated A by A.M. Best and A+ by Standard and Poor's.

The more insured products you purchase from Credit Plus, the more you are covered, and the BETTER YOU ARE PROTECTED!
